There is Nothing Just as Good as Something Better!

The Dream Couch Bed is something better. When it is extended to make up the bed the two sides are on the same level so it is as good as an ordinary bedstead. It has a high grade National spring, a folding cotton mattress and bolster. It makes a neat trim couch when folded. These cuts are exact representation of the couch, but the actual article shows best. We will be pleased to demonstrate this bed to you.

Shoes That Wear

Have you purchased them yet? If not, it's high time you did, for from now on you'll need a little heavier, stouter, more wearable shoe than in summer. If you've got four or five dollars to spare for shoes, and don't care what sort of shoes you get, so long as they're five-dollar shoes, why there's lots of other places to get them besides here. But—and here's the point—if you want a good substantial, comfortable, stylish pair of shoes and want to pay just as little for them as you can, and still be sure of getting these qualities, come here and we'll guarantee to satisfy you.

Good Underclothes

All qualities, grades and prices you'll find here. But, as with everything else, you'll find only one low thing about them and that is price. Does that fact mean anything to you? It does to lots of people.

Men Well-topped

Are YOU one of the many? To be well-hatted doesn't necessarily mean that you've got to pay a big price for a hat. Of course you can if you care to. But a good many men in this town don't. They come to us and for a comparatively small sum get a hat equal to the ones sold in most stores for half again as much. Catch the drift of all the foregoing remarks—it means economy to you.

MISCELLANEOUS

Umbrellas, \$1.50 and \$2.00 ones for 98c. 75c ones for 49c. Sweaters, Suspenders, Neckwear, collars—all here in great variety, and at low prices.

They have at the Bijou theatre to-day a picture entitled, "Sailor's Sweetheart." It is the picture-story of a pretty young girl who by selling fish supports her poor old mother. She has a sailor lover who very much adores her. While she is buying fish at the wharf one day she is accosted by an aristocratic stranger, who entices her to his home and tries to make love to her. The sailor lover, however, follows them into the house and eventually gives the stranger a severe thrashing. The stranger afterwards tries to take her by force. He does succeed in tying her lover to a rock in the ocean, where he is liable to drown, but he is rescued, and at once goes for the police and the unfortunate girl is saved.
